

Center for Performing Arts Education & Creation

## **STUDIO EX-TEATER**

Artistic Residency

Studio EX-teater is a space for artistic research and exchange, offering a residency to artists who want to move away from everyday distractions in order to focus on their work.

Studio EX-teater also offers weekly and intensive courses in disciplines integral to or useful in the field of performing arts.

Studio EX-teater is located in the centre of Ljubljana,  
5 minutes away from the main square and 7 minutes from the main train and bus station.  
It offers living and working conditions to artists of various fields of performing arts, as well as other art disciplines.

## CAPACITY & TECHNICAL CONDITIONS

We can provide accommodation for up to 2 artists who can share a double-size bed.  
In the summer time (July-August) the residency can host up to 4 artists working together.

The kitchen and the bathroom are fully equipped.  
A limited space is available in the storage room.

The size of the studio (working area) is 60 m2 and the height is 3,5 meters.  
There is a professional sound system and basic lights are available.  
The floor is wooden and very suitable for dancers.

We are also keen to organise showings of works-in-progress by residential artists.  
The capacity of the studio depends on the space the artists need to perform,  
from 30 to 60 spectators.
